

# Community Group Questions

**OPEN:** Share with your group something you have that is important to you. (An old letter, a gift from your spouse or a friend, something from your childhood, etc.)

**DIG:** God is not only capable of speaking to us, but He does so in a manner where His word has been preserved for us. Read 2 Timothy 3:16. Are you confident that His word equips us for all we need? Why?

Are you able to defend that the Bible is actually God's word? How do you respond to people who say the Bible is just a history book or a book of fairy tales?

1 Peter 1:22 says we are to love one another (depending on your translation) earnestly, fervently, or deeply through the living word of God. Share examples of loving each other when the other person doesn't see the truth of God's word.

**REFLECT:** Something that is imperishable is precious. The living word of God is always with those of us who are born again. Are you confident that it is true? What does the amount of time you spend in God's word say about how important it is to you? How can that seed grow?
