**Open:** Share a funny story of when you were disciplined as a child. How did it help you?

**Dig:** Promises can be hard for us to keep when we get busy, forget, or don't think through the consequences. Read Isaiah 11:11-13, Hosea 1:11, and Romans 11:5. Based on these passages, what promises has God kept? What does this tell us about God?

What do you think about when you read how God's chosen people chose to follow other gods? How does He seek those who have turned away from Him?

Despite the idols, false gods, and disobedience by most people, God still kept a faithful remnant so that people in every generation could hear about the Lord and follow Him. Why is this faithful remnant important throughout the years, no matter the time and place?

**Reflect:** We've all got idols in our lives that take the place of God. This week, ask the Lord to make it clear to you what those are so you can remove them from your life and rely on Jesus instead.
