
CGROUP QUESTIONS

OPEN: What comes to mind when you hear we are made in the image of God?

DIG: As image bearers of God, what are some things that we may take for granted? List as many as you can think of.

When we don't know God, we don't know ourselves. When we don't know ourselves, we tend to define ourselves however we want to at that moment. How can this line of thinking be destructive? How do we allow God to give us definition and meaning in life?

Read James 3:6-10. How does being made in the image of God affect our relationships with the people around us?

Read Colossians 3:5-11. How does being created in the image of God help us see the value of all human life?

REFLECT: As you go about your week, remember that you bear the image of God. As the crowning achievement in all of creation, you are loved and you are precious to God. Find someone this week who needs to hear this truth and share the good news with him/her!
