

OPEN: What is your favorite thing you have ever purchased? What makes it so special?

DIG: Read Mark 10:17-31. Like the rich young ruler, is there something in your life you can't give up? What is your "_____”?

What does it look like to *flee* materialism? What does it look like to *pursue* righteousness, godliness, faith, love, steadfastness, and gentleness?

How does pursuing righteousness rather than material things change how we see our purpose in life? How does it change how you view and use money?

Where is the line between providing for your family and enjoying (guilt-free) the good things God has given us vs idolizing them?

REFLECT: How can we encourage one another to flee materialism and pursue Jesus?
