

MORNING STAR COMMUNITY CHURCH
STUDENT MINISTRIES VOLUNTEER TRAINING
Suspected Abuse Reporting

I have completed the Student Ministries Suspected Abuse Reporting training at Morning Star Community Church on the date noted below. I understand as a volunteer at Morning Star Community Church that I am required to immediately notify a Student Ministries staff leader and/or pastor of any suspected abuse. In making this report, I understand that I do not need proof, but having reasonable suspicion is cause enough. For the protection of the child, I understand confidentiality is essential and that only the leadership staff and pastors along with law enforcement or DHS need to be involved.

If I have further questions or want more information, I know that I can contact the Church Human Resources Director to inquire about answers to those questions or need for more information.

In signing this document, I understand the information I have received and any concerns and questions have been answered. I understand as a volunteer that I am responsible for reporting suspected abuse to a Student Ministries staff leader and/or pastor, and I understand/agree with the procedure outlined in the training.
